

**Five Year Limited Warranty on Cabinets.** Alpine Woodworking, Inc. (AWI) warrants to original consumer purchasers for a period of five years from the original date of purchase that all other components of AWI cabinets shall be free from defects in material and workmanship under normal use.

**Lifetime Limited Warranty on Drawer Glides and Hinges.** AWI warrants to original consumer purchasers for as long as they own their homes that the drawer box, drawer guides and hinges used in the manufacture of AWI cabinetry products shall be free from defects in material and workmanship under normal use.

These warranties are only applicable to products used in residential applications within the United States and is not transferable to subsequent owners.

Should defects in material or workmanship exist during the applicable warranty period in any AWI product, AWI will elect at its discretion to either repair or replace the defective material or component free of charge. This warranty covers only parts and materials of the products supplied by AWI. Not covered under this warranty are countertops, appliances, plumbing fixtures, etc. or the costs, including labor, to remove and reinstall materials and related components such as fittings, appliances, etc. This warranty shall become void if the cabinets are in any way modified, improperly installed or damaged prior to or during the installation. This also disclaims products utilized in any application other than the standard. Furthermore, this warranty will not apply to cabinets damaged by misuse, neglect, abuse, acts of God, exposure to moisture, exposure to extreme temperatures or the effects of normal wear and tear.

Natural woods may vary in color, characteristics and exhibit subtle changes as they age. Sunlight, smoke, household cleaners and other environmental conditions may also affect the color match over time. These variations are considered to be the nature of the material in relation to their environmental exposure and are not covered under this warranty.

If components are replaced, AWI cannot guarantee that the finish of these replacements will exactly match the finish and appearance of the components in the residential application. This is due to the changes that occur during the woods' natural aging process, affecting its color and grain.
